Question No 2	**Answer No 2**
Please clarify that how the applicant is going to provide the manufacturer's document, precisely, it is a question that the applicant will provide manufacturer's document by each piece of equipment or by each model of equipment if for instance for the Dozer required, 3 units of Dozer use one manufacturer's document because they are the same models.	Please, note that for the same models of equipment one manufacturer's document is sufficient.
